CONFERENCE IS RUSHING SOCIETY OF THE NATION'S PLAN

Secondary Matters Although of Great Importance Will Wait Conclusion of Main Plan

LABOR CLAIMS WILL WAIT

British Labor Problems Are Difficult to Solve

(By Associated Press)

Paris, February 12.—While President Wilson and allied premiers are deeply engrossed in perfecting the plan for a society of nations and arranging the new terms to be imposed upon Germany, other subjects of the greatest importance are being prepared for the consideration of the conference.

It is expected that the conference will spend little time discussing them and will pass most of them on to the society of nations when the latter has been created.

Foremost on this secondary program are recommendations for a commission on international labor legislation.

There have been difficulties in reconciling the diverse views of American and British labor interests.

POOLING SYSTEM.

Paris, February 12.—Already steps have been taken to commit the peace conference to the adoption of a great international pooling system of debts which shall include all neutral nations.

This will meet with the most determined resistance from the American delegates who feel America did her full part in supplying the allies in furnishing troops and almost unlimited supplies of money and material.

PREMIER GEORGE'S LABOR PROGRAM UNSATISFACTORY

Press Generally is Noicing Approval But Labor Party Disagrees

(By Associated Press)

The labor situation reaches a crisis today in conference between the government and three great unions representing nearly 1,500,000 workers.

ROY VAN TRESS AND ASSOCIATES FOUND GUILTY IN U. S. COURT

President of McAllister Real Estate Exchange and Fifteen Associates

CONVICTED BY JURORS

Of Conspiracy to Defraud by Use of U. S. Mails in Sale of Indian Lands

(By Associated Press)

Cincinnati, O., February 12.—Roy Van Tress, president of the McAllister (Oklahoma) Real Estate Exchange and 15 associates, charged with conspiracy to defraud by use of the mails in the sale of Indian lands were found guilty by a jury in the United States district court here today. The jury deliberated seven hours.

Directly following the verdict attorneys for Van Tress and his associates gave notice that they would move for a new trial.

The prosecution began last February when the defendants were arrested by Post Office inspectors and the offices in Cincinnati and Oklahoma were searched. The prosecution by the government has been largely centered upon the distribution among customers of the McAllister real estate exchange of a tract of 41,000 acres of land in southeastern Oklahoma.

The government charged that the McAllister company perpetrated a fraud on its customers when it took \$135 for locating and purchasing land agreeing to act as attorney for the customer and then sold the land it had bought at a profit. Timber frauds also were alleged.

The indictments contained only one count but it referred to no less than 493 contracts made by the McAllister exchange with its customers.

League of Nations Commission is Presented With Formal Request

(By Associated Press)

WIDE INTEREST IN "MISSING WORD" CONTEST PAGES

Replies to First Weeks Contest Received From Scores of Persons in Town and County

The Missing Word contest started in the Herald last Tuesday is a huge success. It is a greater success than we had any idea it would be. It seems answers have come to this office from most every home in Washington C. H., as well as from many of the homes of all other towns and villages nearby. In fact they are here from all over the county. Persons in all walks of life are registered among the contestants.

Some are asking if we are to publish a list of contestants. No, there will be no publication of names, except the winners at the close of the contest. You will not know who your opponent is unless he or she tells you.

"Is it too late to begin now?" It is not. The word was made extra easy last week, but you would be surprised to know how many missed getting the right one. So you can start this week and be even with them. We miss our guess if any one gets over eight out of the 12 weeks correct.

Notwithstanding the fact that we made the word last week on each page easy, yet there were many who did not find them, but a great many did. But we want to say to those who did not find the word last week, don't get alarmed because you missed one, as those who found the words last week may fall down next, or this week, and you may get it, so that will even matters up. So stick, stick, stick.

The word left out of an ad. on page No. 1 last week was READ and was omitted from the Haynes Furniture advertisement, between the words TO and OUR. The missing word last week from page No. 2 was PAY and was omitted from Sollars' advertisement, taken from between words WILL and YOU.

Now this week we have replaced these two words to their proper place. Now look them up for yourself. No one knows what the word removed each week is but the editor. He writes this word on a slip of paper and this is placed securely away in the safe and sealed in an envelope to keep until the end of the contest.

All the contestants look alike to the editor, and no one will know how they stand until the close when a canvass will be carefully made and the result published.

Now contestants, we have made the word a little harder this week. The word left out of a certain ad. on page No. 1 begins with a "G" and ends with a "T."

The word left out of a certain ad. on page No. 2 begins with a "W" and ends with a "K."

FRANCE GIVES AID TO AMERICA

The pouring out of French blood and the enormous financial sacrifices are not the only aid France has given America. We are indebted to the French peasants for a perfect remedy for stomach, liver and intestinal ailments which has not only been marvellously successful over there, but has been equally so over here. The ingredients are imported and put up for sale in this country by Geo. H. Mayr, for many years a leading Chicago chemist, under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

(By Associated Press)

Paris, February 12.—While President Wilson and allied premiers are deeply engrossed in perfecting the plan for a society of nations and arranging the new terms to be imposed upon Germany, other subjects of the greatest importance are being prepared for the consideration of the conference.

Foremost on this secondary program are recommendations for a commission on international labor legislation.

There have been difficulties in reconciling the diverse views of American and British labor interests.

POOLING SYSTEM.

Paris, February 12.—Already steps have been taken to commit the peace conference to the adoption of a great international pooling system of debts which shall include all neutral nations.

This will meet with the most determined resistance from the American delegates who feel America did her full part in supplying the allies in furnishing troops and almost unlimited supplies of money and material.

ROY VAN TRESS AND ASSOCIATES FOUND GUILTY IN U. S. COURT

President of McAllister Real Estate Exchange and Fifteen Associates

CONVICTED BY JURORS

Of Conspiracy to Defraud by Use of U. S. Mails in Sale of Indian Lands

(By Associated Press)

Cincinnati, O., February 12.—Roy Van Tress, president of the McAllister (Oklahoma) Real Estate Exchange and 15 associates, charged with conspiracy to defraud by use of the mails in the sale of Indian lands were found guilty by a jury in the United States district court here today. The jury deliberated seven hours.

Directly following the verdict attorneys for Van Tress and his associates gave notice that they would move for a new trial.

The prosecution began last February when the defendants were arrested by Post Office inspectors and the offices in Cincinnati and Oklahoma were searched. The prosecution by the government has been largely centered upon the distribution among customers of the McAllister real estate exchange of a tract of 41,000 acres of land in southeastern Oklahoma.

The government charged that the McAllister company perpetrated a fraud on its customers when it took \$135 for locating and purchasing land agreeing to act as attorney for the customer and then sold the land it had bought at a profit. Timber frauds also were alleged.

The indictments contained only one count but it referred to no less than 432 contracts made by the McAllister exchange with its customers.

FORMAL OPENING OF P. & D. BANK THURSDAY, FEB. 20

Latest Creation in Banking
Equipment Features New
Home of One of City's
Leading Financial Institutions.

The officers and directors of the Peoples & Drivers Bank will hold open house throughout the day, on Thursday, February 20th, to welcome their numerous friends and patrons who are to inspect the bank's newly remodelled quarters. B. Dawber, superintendent of construction for Horgan Brothers, the New York and Chicago builders, who have the contract for modernizing the banking room, is cleaning up all last minute details with energy.

The exterior is practically new, executed in rusticated Indiana limestone, surmounted for the upper portion by an immense window framed between double stone pilasters, moulded caps and bases, and supporting a heavy carved cornice and stone parapet. This window is a distinct architectural feature of the front and is so arranged as to furnish an abundance of light to the main banking room. The entrance is on East Court street, through a wide vestibule fitted up with double exterior doors, and on the interior the doors are of the in-and-out type to separate the traffic. This vestibule has a fine terrazzo floor, marble wainscot, plaster walls and cornice.

Visitors will find the Peoples & Drivers Bank back in their old banking room, but a room which has been completely transformed.

This room has been the scene of the bank's activities and gradual but steady growth since 1867, and has

now become spacious, scientifically arranged, and ample to take care of the bank's present needs as well as the future expansion.

Back of the vestibule, is a large space for the use of customers, whose comfort and convenience have been carefully considered.

To the rear of this space is the public area, laid out on the right hand side of the banking room and enclosed by a counterscreen of Brocadillo marble supporting an upper screen, pilasters and cornice of the same materials, which enclose bronze grilles, telescopic wickets and frames for the plate glass pannels. The public space is provided with settees, standing wall desks and one special writing desk.

President Hidy will be located to the front of the customers' space, in close communication with patrons and the several departments. Connected with the president's private office and to the rear is the cashier's space, separated from the public by a low marble rail.

The general working space extends to the rear of the cashier's department, arranged back of the counterscreen in a rather unusual manner. There are wickets for five tellers, each fitted up as a part of the working counter with the regular bookkeepers' desks in addition to the usual flat counter cupboards. This arrangement will permit the tellers to face the public at all times while working on the books as well as taking care of the public. Back of the counterscreen is space laid out for the clerical force, equipped with up-to-date mechanical time- and labor-saving devices, and at the rear of the room between the counter and the vaults there is a space fitted up with additional equipment.

Opening from the rear of the public space on the right hand side of the room is a corridor leading to the new extension, which has unusual public accommodations, being fitted up with several small coupon booths, three committee rooms, together with

a spacious directors' room, which can also be used as an additional committee room.

The entire banking room has a Brocadillo marble wainscot about three and a half feet high, on a level with the low railing of the counterscreen. The room is decorated in light shades of green above the wainscot, finished with ivory cornice and ceiling, and the whole presents an attractive and pleasing, yet business-like appearance.

A charming rest room has been placed at the disposal of the women patrons of the bank. This room is decorated in soft grey tones and is furnished with ivory enamel wicker furniture.

Plenty of locker and retiring accommodations have been provided for the working staff.

A huge vault and safe—the very latest creation in yegg-proof construction—have been installed so that virtually every portion of the equipment is brand new and up-to-the-minute.

The present officers of the bank are: Joseph Hidy, president; J. E. McLean, vice-president; Roy T. McClure, cashier. The present directors are: Herman Jones, William H. Thornton, J. E. McLean, Frank Johnson and Joseph Hidy.

INTEREST GROWS AT GRACE CHURCH

Interest continues to increase in the series of evangelistic services at Grace Church, and the membership is becoming more and more active in assisting in the series. More interest is being taken in the singing, which is under the leadership of Prof. Bray.

"Paradise Regained" will form the theme of Dr. Mahood's sermon to-night at 7:30. The theme tomorrow afternoon will be "Do the Dead Live?" Miss Mahood's young woman's Bible class at 7:00 o'clock each evening in the Epworth League rooms are proving very helpful and interesting. Her physical culture lessons are popular with a large number of women and girls.

Tuesday night Dr. Mahood said in part:

"Man had a paradise and lost it through sin. Sin shut the gates of Eden and keeps them shut. Sin drives us out of the paradise of communion and peace with God by making us believe that the way of sin is the only way of a good time. But the Bible says 'There is a way that seemeth right unto a man, but the end thereof are the ways of death.' Sin fascinates the soul only to destroy it. 'Sin deceives us just as it did our first parents. Eddivism teaches that sin is only ignorance, but every thoughtful person knows that sin is one of the most real things in the universe. And it is the most awful thing in all God's universe. God says of it 'that abominable thing that I hate.' Sin defies God. Sin challenges every attribute of the Almighty. Sin would deceive angels. The devil is a liar and the father of liars."

BEAUTIFUL SERVICE HONORS DEAD

St. Andrews Episcopal Church was packed with friends and lodge brethren who desired to pay a farewell tribute to Dr. George Clyde Emmons, at half past seven o'clock Tuesday evening. To a large clientele this service was charged with regret over the loss of a much valued chiropractor; to friends and lodge associates a congenial and likable man. Sadly from the organ came the funeral music as the casket, covered with beautiful flowers was born into the church and down the aisle.

Rev. David W. Barre, Episcopalian rector, conducted with impressiveness the Episcopal burial service, the hymns, "Abide with Me," and "Crossing the Bar," sung with exquisite feeling by Mrs. Wirt Shoop, Miss Maxine Kibler, Messrs. R. R. Kibler and C. S. Haver.

The B. P. O. E. No. 129, attended in a body, then held their always beautiful ritual service, conducted by Exalted Ruler Guy L. Linton. The quartet sang "The Vacant Chair" in connection with this service.

The pallbearers were Messrs. J. M. Baker, C. H. Griffiths, Arthur Burgett, Willard DeWitt, Wirt Mallow, Earl McCoy. The floral remembrances were very beautiful, including the Elks' clock and an elaborate design from a club of special friends.

Wednesday morning on the 7:30 train, the body was taken by the sister, Mrs. E. J. Boylan, and Mr. Boylan, the brothers, Mr. F. G. Emmons, and Mr. M. S. Emmons, and Dr. P. R. Hungerford, to the old home, Concord, Mich., for interment.

CARD OF THANKS

The brothers and sisters of Dr. G. C. Emmons take this opportunity to than his many friends, the Elks and other lodge brethren for the kindnesses shown in his illness and death.

WM. M'KITTERICK HELD FOR MURDER OF BELLE GREEN

Jealousy Said to Have Been Responsible For Murder Of Belle Mann Green In Dayton Last Night.

McKitterick Alleged To Have Broken in Door And Cut Throat of Former Local Woman.

Jealousy, said to have been due to repeated refusals of marriage, Tuesday night resulted in the murder of Mrs. Belle Mann Green, 27, at the home of her sister, Mrs. Arnette Eckle, 96 Weakley street, in Dayton, and William McKitterick, 40, is now being held by the Dayton police on a charge of murdering the woman by slashing her throat with a knife. Both parties to the tragedy formerly lived in this city.

The crime took place about 9:15 o'clock when, according to the Dayton police, McKitterick, who had been infatuated with the woman for several years, went to the Eckle home, presumably greatly angered because the Green woman had been with another man, and walking upstairs to her room, smashed in the door and seized her.

Evidently realizing that her life was at stake woman attempted to leap from a second story window, but was seized by McKitterick before she could do so, and both either fell from the window or McKitterick hurled her from the window and fell with her to the ground below.

McKitterick is alleged to have wielded a large knife and either cut the woman's throat from ear to ear prior to hurling her from the window, or after they had alighted on the ground outside the house, after which he endeavored to escape, but was soon placed under arrest by the police and locked up. He is said to have admitted the crime in part.

According to the Dayton police the woman's small son followed McKitterick to his mother's room and saw him seize her as she was attempting to escape.

Medical assistance could not save the woman and she passed away soon after the mortal wound was inflicted. The victim, a daughter of Mr. and Mrs. John Mann, of Broadway, this city, had been in Dayton the past two years, working in a telephone exchange. She was married to George W. Green, formerly of near Yatesville but who is now in Kentucky, but had not been living with him for three years or more.

McKitterick is a son of Thomas McKitterick of this city, and his father went to Dayton Wednesday to ascertain the details and render what assistance he could to his erring son.

McKitterick's divorced wife, Elta Jones McKitterick, resides in Columbus, and it seems that the Green woman had come between McKitterick and his wife several years ago, and also had figured in a number of escapades.

McKitterick at one time shot and wounded William Humphries in this city, as the result of a squabble. He was freed of blame, however.

The parents of the dead woman are arranging to have the body brought to this city for burial.

Ohio Pivotal State Again

When the Senate of the United States voted, Monday on the proposal to amend the federal constitution by providing equal suffrage for women the state of Ohio cast no vote. Both of the senators voted but because Senator Harding voted for the proposal and Senator Pomerene voted against it the state had no voice in deciding the great question.

Ohio could have changed the decision of the Senate had Senator Pomerene voted in favor of it. The proposal failed of adoption by the Senate by just one vote. One vote more favoring it would have given the necessary two-thirds.

Again Ohio was in the position of being a pivotal state but, this time the pivot didn't turn.

Senator Harding lined up with the pledge of his party made in the last platform of principles. Senator Pomerene refused to be bound by the platform pledge and chose to rely upon the action of his constituents—the voters of Ohio in twice refusing to adopt equal suffrage.

There would have been just as much support for each of the senators had they reversed positions and votes.

Of the two positions, however, Senator Harding's seems the stronger. While Ohio has rejected equal suffrage, the issue has been only a state issue. Ohio has never voted down a proposal to amend the national constitution and that's what this was. The political party of Senator Harding and the political party of Senator Pomerene are alike pledged to nation-wide equal suffrage and the only way the people of this state can vote on that question is for the Senate to submit, by the adoption of a resolution such as that presented Monday, the question to the voters.

Japan's Attitude

The attitude of Japan with reference to her claims in the Far East, particularly with regard to secret treaties with China and her assertion of right of inheritance to all the privileges held by Germany in the Orient prior to the war, is an ugly one and one which may require great firmness on the part of the associated nations.

It, however, need not cause any excitement or alarm as the associated nations are in a position to enforce any just claim against the Mikado's government which conditions may require.

Japan must submit to justice and relinquish all selfish ambitions. If Japan refuses to join in spirit with the league of nations and abide by the new order of affairs throughout the world, then Japan must be made to see the error of her way.

Right at the outset it is well that these matters be made clear. If there is to be any objection now is the time to urge it. If there are any recalcitrant among the nations, if there are any governments retaining mental reservations regarding the peace compact now being framed they should be set over alongside of Germany.

The world has suffered too much from selfishness and greed and secret pacts to allow one corner of the great wall of peace now being erected at Versailles to rest on so insecure a foundation.

There is no need of any jingo talk or action but there is need for determination and firmness in the right.

Clemenceau's Warning

In his interview given to the Associated Press correspondent on Sunday, Premier Clemenceau of France correctly states the danger of abandoning Russia to her fate.

Such a course, the "Tiger of France" points out, can only result in another outbreak by the Teuton hordes and that the world must begin at once preparations for defense from the next attack certain to come if the Huns are allowed to exploit Russia and weld its tremendous resources in manpower and wealth to their own purposes.

If the peace council abandons Russia then Germany emerges ultimately as an immense gainer by the war.

It will mean that while Germany has given up territory in the west she has gained immeasurably in the east because Russia's resources are beyond estimate and they will pass to Germany just as certainly as Russia is abandoned by the allied nations.

Russia cannot save herself—she is now only a great wreck which must be salvaged. Whether that work is done by the allied nations for Russia or, neglected by the allies, is done by the Huns for the Huns depends the future peace of the world.

Clemenceau knows the Germans better than any other living man and his warning should be heeded.

POEM FOR TODAY
CAPTAIN LAUGHTER
Follow Captain Laughter and let the shadows be—
The road around the world of life is 'neath the sunshine tree,
With borders bound with beauty of singing and of love
To match the shining glory of the blue skies up above.
Follow Captain Laughter and have no fear to fall—
The pathway through the care and toil is up the mountain wall,
With sunshine on the summits and blossoms in between,
And all the way a silver ray of light on leagues of green.
Follow Captain Laughter and he will lead you where
The battle banners flutter in the music-laden air,
With tempests only playthings and one grand rule of strife—
That love must win the world to smiles to win the way to life.

BECOMING UNIVERSAL

LEAGUE OF NATIONS

VARIANCE IN LEAGUE PLANS IS ANNOUNCED

Additional Clauses Are Incorporated in Plans at Tuesday Session
Paris, February 12.—(By Associated Press)—The commission on the league of nations Tuesday considered numerous amendments to and added two new articles to the draft, according to an official announcement last night. Several of the amendments were referred to a drafting committee. There is a wide difference of views regarding some of these new proposals and this is causing apprehension of failure to complete the plans as expected.
It is understood that among other subjects considered was the project for an international military force, urged by Leon Bourgeois, of the French delegation. M. Bourgeois' contention, it is said, was that such a force should be instituted in France, as France was the strategic center of Europe and the nation most immediately threatened.
A proposal to change the Allied armistice policy and greatly shorten the armistice periods is understood to be before the supreme war council. This proposal calls for the limiting of the armistice periods to about 10 days, at the end of which time new terms would be imposed on Germany.
The sentiment is expressed by many in attendance on the peace conference that this would give the him. Slack thinks robbery was not the sole motive for the crime.
"I've a hammer under one of the seats. I guess I can use that if I have to."
Those were the last words Day matter.

spoke in Chillicothe before starting on the drive to Columbus.
Day was suspicious of the two men from the start, Slack says. The sheriff was in Chillicothe all day yesterday investigating.
Slack says:
The two men are members of a group of crooks operating in Chillicothe.
A woman was supposed to accompany the men on their trip to Columbus with Day.
There was motive other than robbery in the murder.
The two men approached Day early Monday afternoon and asked him if he would take them to Columbus in the evening, Slack reports.
"What do you do," one of them is said to have queried Day, "when you get passengers who can't pay?"
"Generally dump them in front of the city prison," Day is reported to have answered.
The man sneered and walked away it is said.

WOMAN SAID TO BE MIXED UP IN DAY MURDER

Authorities Searching for Murderers of Former Sabina Man
Columbus, O., February 12.—There's a woman in the latest murder mystery.
Sheriff Slack and deputies would like to locate one who is said to have arranged to travel from Chillicothe to Columbus Monday night in the auto of H. R. Day, Lancaster.
Two men and a woman were to make the trip with Day. The woman did not start. As the auto neared Columbus the two men passengers attacked Day and fatally wounded allies a better hold on the situation and enable them to meet the constantly changing conditions. No information is given as to the attitude of the supreme war council in the matter.

JAP DECLARES REPORT FALSE

Paris, February 12.—(By Associated Press)—The Havas Agency gives out a statement by Viscount Chinda the Japanese Ambassador to Great Britain, who now is representing his country at the Peace Conference here, declaring the reports to be untrue that Japan has exercised pressure on China to restrain the action of the Chinese delegate to the conference.
"There has been no pressure exercised, no menace formulated, no bargaining done on the subject of the Province of Shantung, or any other Chinese territory. No right of control has been sought over China, and there has been in no degree any ambition to represent China at the Peace Conference.
"Besides, our relations with the President of the Chinese republic and the Ministry are most cordial."

News of Interest to Women

The Daughters of the American Revolution will honor George Washington's birthday by giving a tea at the Federated Club rooms at half past two o'clock Saturday afternoon, February the twenty-second.

Each Daughter is asked to contribute some brief reminiscence or historical review of an event associated with the immortal George.

The observance of this natal day is always an anniversary occasion of marked importance in the Daughter's calendar and the affair will be pretty and pleasurable as well as interesting.

Daughters who can attend are asked to kindly telephone Mrs. Eliza Waddell, chairman of the entertaining committee. It is hoped that all Daughters will attend.

Mrs. Austin F. Hopkins threw open her home Tuesday afternoon for a called meeting of women to informally discuss the project of widening the fields of the Young Men's Christian Association to include Women's Activities, as presented by Mr. Herbert Brownell, President of the Y. M. C. A. Board of Trustees.

A specially appointed committee expects to take up further discussion of this project, which has in it multiple possibilities if it can be successfully carried out on practical lines and a permanent basis.

Sixteen members of the Seldon Grange were the guests of Mr. and Mrs. Elmer Rowe, Tuesday night for a combined social evening and business session.

The affair proved one of exceptional enjoyment as well as organization interest. Each member responded to roll call with some saying of President Lincoln, opportune at his birthday season and recalling many of his treasured maxims.

The program included beautiful piano numbers by Mrs. C. F. Wike, entertaining reading by Mrs. Marvin Slagle and three minute talks on farm work by Grangers. Mrs. Wike closed the program with a clever and greatly appreciated musical reading.

Delicious refreshments were served during the social hour. Mrs. Rowe was assisted in the hospitalities by her daughter, Mrs. C. F. Wike.

One of the most interesting and most talked of literary women of America in the last thirty years is Ella Wheeler Wilcox. She early began to write and most of her writing was in verse. Her first fame was as a "poet of passion," and there were some who smiled at the mention of her name because they thought her over-frank. But that attitude was changed with the years, for from her pen there came a large amount of poetry that was strong and realistic—often something that was calculated to shame men from evil ways and lead them to a greater justice in dealing with women.

In her autobiography, "My Worlds and I," just published by Doran, there is a delightful narrative of her life, her early struggles, failures, persistence and success; her literary and other friendships, her marriage, her travels in many lands, her home pleasures, her bereavement in the

death of her husband, her efforts to communicate with him and what she believes to be her complete success. She and her husband were perfectly mated, we are told, and he had promised her that, if he should be the first to die, he would surely send her a message from the spirit world. She waited and longed for it, and finally it came through the medium of the ouija board. She had long believed that such messages could be passed from the spirit world to the material world, yet when her message came she was surprised, as well as delighted. Of the striking psychic phenomena experienced by her and some of her friends Mrs. Wilcox has written a detailed account and defended their reality with a zeal that is not often found. In compliance with one of these messages, she went to France, where she ministered to wounded soldiers, speaking to the dying a last word, even as her husband, according to the revelation is to speak to them a welcoming word as they enter the spirit world—not the darkness of night, she says, but the dawn of another and better day.—Columbus Dispatch.

The History Department of the Browning Club presented an interesting program at the regular program Tuesday night, the President, Mrs. V. J. Dahl, in the chair.

There was some discussion over taking up work for Devastated France and the club voted to study France next year.

The Chairman, Miss Blanche Tullis, was unable to be present and the Vice Chairman, Mrs. C. A. Teeters, on the program, so that Mrs. Martha Mark presided during the program.

Three papers on subjects right up to the minute in interest were presented.

Miss Gertrude Channel discussed "War Labor and Peace," as these tremendous problems are now being taken up by the Peace Conference, in an exceptionally fine paper.

"The Challenge of the Present Crisis" was the subject of a splendid paper by Mrs. Mae Pearson Gage.

In the third paper Mrs. Olive Teeters handled the subject, "A New World Democracy" in a wonderfully comprehensive and well written paper, citing "the United States" as the key words of the greatest democracy of the world.

The club women present felt that they had been both mentally stimulated and given large information in this trio of papers.

Miss Ruth Waters, who underwent an operation for the removal of tonsils at the Dr. Todhunter-Stitt offices, Tuesday morning is improving rapidly.

Mrs. Mark M. Gorton and little son Bryant Dustin went to New Holland, Wednesday, Mrs. Gorton to be a guest at a tea given by Mrs. Russell Ebert, and her son to visit his cousin Master Eugene Briggs.

"Mrs. T. R. Hempstead and Mrs. C. M. Martin are guests of friends in Washington C. H."—Wilmington News.

Mr. Harlan Vesey has been quite ill at his home on South Fayette street for several days.

Mr. and Mrs. Hays Dill entertained Tuesday at their country home near Jeffersonville, Mr. Elisha Dill, of Columbus, Miss Maggie and Mr. Ed Dill, of Bainbridge.

Dr. O. D. Maddux and Howard Stoker attended the Duroc hog sale of Tom L. Johnson, in Columbus, Wednesday.

Mr. John King of the Good Hope pike is recovering nicely from a throat operation performed at the Stitt-Todhunter hospital, Monday.

Mrs. Lyman Unger, of Mt. Sterling is visiting Mrs. Hughey Thompson.

MARSHALL HAS NO FEAR FOR THE SUPPLY OF GAS

State Utility Chairman Does Not Believe West Virginia Legislation Will Cut Off Supply

(By Associated Press)
Columbus, February 12.—Though probably 75 per cent of all the natural gas used in Ohio comes from the West Virginia fields Chairman Marshall of the States Public Utilities Commission said today he did not believe that Ohioans should be alarmed over the prospects of the West Virginia legislature enacting a law to prohibit its gas supply being piped to other states until all of West Virginia's demands for gas have been met. The West Virginia senate yesterday passed the bill which now goes to the governor for his signature.

Chairman Marshall says there is no doubt in his mind that such a law would be unconstitutional and could not be enforced.

POPPIES FROM FLANDERS FIELD

(By Associated Press)
Cleveland, O., February 12.—If the efforts of City Forester Harry C. Hyatt are successful in getting seed for the flowers, Flanders poppies are to be grown along Liberty Row, Cleveland's memorial thoroughfare to her war heroes who fell in the war.

The planting of poppy fields as a reverential tribute to soldiers who have died overseas has been inspired by the poem of Col. John McCrea, Canadian, who died on the battle-field.

"In Flanders' fields the poppies grow
Between the crosses, row on row."

If Mr. Hyatt is unable to obtain poppy seed direct from Flanders, other poppy varieties will be planted. Liberty Row running from University Circle through Shaker Lakes Park, will commemorate Cleveland's soldiers killed in war by a Victory Oak planted in honor of each, and marked with a bronze tablet bearing his name.

NEW SECRETARY OF Y. M. C. A. ACTIVE IN SEASON'S WORK

The new Y. M. C. A. Secretary, Frank Morley Barber, aided by Physical Director Kiester, is beginning to add new life to the Y. M. C. A. activities, and a comprehensive program will be carried out during the remainder of the winter and spring.

SECRETARY F. M. BARBER.

Secretary Barber has made a host of friends during his brief presence in the city, his genial smile proving a magnet in winning friends.

Secretary Barber is 29 years of age and has had many years of experience in various phases of Y. M. C. A. work. He graduated from the Y. M. C. A. School in Chicago, taking a three-year course, for a time

was Boy's Work Secretary at Atchinson, Kansas, and later general secretary at Mankato, Kansas, going from there to Camp Sherman where he spent nine months in Y. M. C. A. work in the camp.

The policy of Secretary Barber is to start with present equipment and put it to the best possible use. Already the big pool is ready for bathing and plans for increased gym activities. The lounge room is being made more inviting, and a game room for the boys is being prepared. Everything is being done to insure greater popularity of the Association and make it a community center generally.

Activities of the Women's Auxiliary are expected to be launched within a few days.

RETURNS MUST BE FILED BY MARCH FIFTEEN

That there will be no general extension of time beyond March 15th for the filing of returns and for the payment of Income and Excess Profits taxes due on that date, is the decision of Daniel C. Roper, Commissioner of Internal Revenue. The announcement was made today by Collector Gilligan immediately following the approval by the Senate and House of the report of the conferees on the new Revenue Bill.

"It is necessary to get the initial tax payments in by March 15th," says Commissioner Roper. "No other course is possible. Some months ago, the Treasury issued certificates of indebtedness to an amount approximating \$800,000,000, maturing March 15th. The first payment of the Income and Excess Profits Taxes for 1918 was planned for that date, to meet this huge obligation.

"The Bureau has arranged to send an advisory force of several thousands of deputies and agents to assist taxpayers. These officers will be stationed at convenient points where they may be consulted without charge. Taxpayers should take the initiative and get in touch with these Revenue men for any needed advice and assistance in preparing returns.

"The forms for the tax returns are being printed and all forms will be in the hands of Collectors between February 15th and March 1st."

ENGLISH PLAN MEX. RAILROAD

Mexico City, February 12.—(By Associated Press)—An English syndicate, it is officially announced, has sought a concession from the government, to build a railway that will connect Mexico City with Merida, state of Yucatan. The line, as projected, also would connect these points with Vera Cruz, Tabasco and Campeche and open up a vast stretch of rich but undeveloped territory.

WILL SOON USE HUN SHIPPING

New York, February 12.—(By Associated Press)—German ships of approximately 300,000 tons, flying the American flag and furnishing the United States an additional troop-carrying capacity of more than 60,000 men a month, will be ready to put to sea within the next five weeks, according to E. N. Hurley, chairman of the United States shipping board, who returned today on the transport Leviathan.

Mr. Hurley left here last November with Herbert Hoover of the food administration to make a study of the shipping situation, formulate plans for getting American soldiers home and arrange for sending food supplies to Europe.

In a statement issued upon his arrival today, Mr. Hurley said that an arrangement had been reached at Treves on January 17 regarding the turnover of the German fleet, by a commission consisting of representatives of allied countries and those of Germany.

FINN LOYALTY LEAGUE MEETS

Ashtabula, O., February 12.—Directors of the Lincoln Loyalty League were to meet here today and tomorrow. The League is composed of 10,000 Finnish people in the United States and is believed to be one of the largest Americanization movements ever attempted.

The plans of the League embrace a campaign of education which will establish the Finns as loyal Americans, according to August Edwards of this city, one of the 28 directors. The organization also will strive to refute the misrepresentations of conditions in Finland which are said to have been scattered throughout the world by the Bolsheviks.

Among the well-known Finns who will address the meeting here are O. L. Larsen, of Duluth, president of the League; J. H. Jassberg, Chicago, secretary; Prof. Dennen of Columbia university and M. Rahanheim, a representative of the Finnish government.

HOW TO KEEP WELL

"Keep the bowels open" is one rule of health recommended by all schools of medicine. Foley Cathartic Tablets cleanse the bowels, sweeten the stomach and benefit the liver. For indigestion, biliousness, bad breath, bloating, gas or constipation, no remedy is more highly recommended. Fine for stout persons. Blackmer & Tanquary.

the latter part of this year. An addition to the municipal light plant will be started shortly.

Mayor Davis plans to employ men returning from military service or war work on those projects, which will cost approximately \$20,000,000. The proposed filtration plant will increase the city's facilities for water purification from 150,000,000 to 300,000,000 gallons daily.

In the interval between the meeting of the peace conference commission on a society of nation, the session of the supreme council today President Wilson received the Prince of Wales at the Murat mansion. The prince called upon the President in company with his staff.

AYE, AYE, SIR! TO STAY "PUT"

Chicago, February 12.—The death knell has been sounded to "Uhhuh," "Right-O" and other like substitutes for "Aye, Aye, Sir" in the navy, according to the Great Lakes Bulletin, official paper of the Great Lakes Naval Training Station.

"In these days of turmoil in the navy, when sailors wear tortoise-shell glasses and wrist watches and second-class seamen chum with admirals, isn't it remarkable to learn that there is one thing belonging to the real old stuff that some one has the courage to defend?

"Admiral McGowan, Paymaster General of the Navy," continues the Bulletin, "has come out flat-footedly for the preservation of the response, 'Aye, Aye.' So much has he been alarmed for fear less it pass out altogether in favor of 'in a minute' or some similar despatch, that he had felt compelled to issue a general order.

YOU KNOW, BUT SOMETIMES FORGET

Everybody knows an imitation is never so good as the genuine article. Foley's Honey and Tar stands at the top of the list of family remedies for colds, croup, whooping cough, bronchial and gripe coughs. W. L. Anglin, Antioch, La., writes: "I have used Foley's Honey and Tar 15 years. It is the best." Blackmer & Tanquary.

Did You Ever See a Shoe Like This?

ITS insole was cut from paper—very likely the counters are paper, and also several lifts of the heel are paper. Such shoes, when wet, won't hold the stitching—their outsoles come off, the counters break down, heels become spongy, and the whole shoe ill-shaped.

These things are used as substitutes for leather in the making of some shoes used because they are cheaper, and they are nearly always hidden where the buyer cannot see or detect them.

Don't be persuaded to buy poor shoes in order to save money. Poor shoes are the most expensive in the long run.

Vinol will Stop a Cough and Break Up a Cold

A constitutional remedy that removes the cause by building up the system. These elements contained in Vinol—Beef and Cod Liver Peptones, Iron, Manganese and Glycerophosphates—soon create an energy that throws off the cold and prevents its reoccurrence. It has given ninety per cent satisfaction for sixteen years. **HERE IS PROOF:**

Dunn, N.C. "I suffered with a chronic cold for four months, coughed day and night. Had to keep on working when I was not able to. I saw Vinol advertised and tried it, and I want to tell you it just cured that cold in a short time. It made me eat and sleep well, better every way."—J. C. Bagley, Dunn, N.C.

Lagrange, N.C. "For years I suffered with a chronic cough, so I could not sleep nights and continued to lose flesh. My druggist asked me to try Vinol. It cured my cough. I can sleep nights and have gained twelve pounds. Vinol is the best tonic and tissue builder I have ever taken."—W. D. Ren, Lagrange, N.C.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr.

Edwards' Olive Tablets

The secret of keeping young is to feed

young—to do this you must watch your

liver and bowels—there's no need of

having a sorrowful complexion—dark rings

under your eyes—pimples—a bilious

look in your face—dull eyes with no

sparkle. Your doctor will tell you ninety

per cent of all sickness comes from in-

active bowels and liver.

Dr. Edwards, a well-known physician

in Ohio, perfected a vegetable com-

pound mixed with olive oil to act on

the liver and bowels, which he gave to

his patients for years.

Dr. Edwards' Olive Tablets, the substi-

tute for calomel, are gentle in their action

yet always effective. They bring about

that exuberance of spirit, that natural

buoyancy which should be enjoyed by

everyone, by toning up the liver and clear-

ing the system of impurities.

You will know Dr. Edwards' Olive Ta-

blets by their olive color. 10c and 25c per

box. All druggists.

ILLEGAL LIQUOR DEALERS FINED PLACES CLOSED

Three Local Men Fined \$200 And Costs and Good Hope Man Draws \$300—State Inspectors Draw Net.

Three local men—Joe Tapsico, Lee Taylor and Willie Anderson Tuesday night were fined \$200 and the costs or the sale of intoxicants and J. J. Parker, poolroom proprietor of Good Hope recently was fined \$300 and the costs on a charge of keeping a place where intoxicants were sold.

And it is stated that others have become entangled in the meshes of the net spread by State Liquor License Commission inspectors who have been at work in this city and county the past ten days or two weeks.

Tapsico was not only fined \$200 and costs for keeping a place, but under threat of assessment of the Dow tax of \$1000 against the owner of the building in which he was located on South Fayette street, Dan Shannon, if the room was not vacated at once, the Tapsico poolroom was closed and the equipment moved out.

Tapsico paid his fine. Taylor and Anderson arranged to do so at an early date. Parker, of Good Hope, also settled in full.

The four arrests and convictions grow out of a careful inquiry into the sale of intoxicants in this city, under direction of state inspectors, and in addition to obtaining affidavits of the sales the inspectors also made purchases of some of the men, it was brought out, so that trials were not necessary when the accused men were made aware of the evidence against them.

It is understood the activities of the inspectors are not at an end, and that they have evidence which will probably result in arrest of several additional violators of the liquor laws.

MEMOIR

Again we must pause amid the busy activities of life because we are compelled to recognize the unwelcome fact that the silent messenger of Death has again entered another home and summoned from this earthly life a lovely girl whose life was just unfolding into young womanhood.

Bertha Riley, daughter of John and Laura Riley, was born near Johnson's Crossing, Fayette county, Ohio, April 27, 1906, and died at Washington C. H., February 6, 1919, aged 13 years, 9 months and 9 days.

Besides her father and mother she is survived by two brothers and five sisters whose names are as follows: Albert of Washington C. H.; Jesse of near Washington C. H.; Mrs. John Funk of Springfield, Ohio; Mrs. Roy Sadders of Dayton, Ohio; Ruth of Washington C. H.; Mrs. Gilbert Dowler of Washington C. H.; and Mrs. Cecil Harley.

When only a small child her parents moved to this city which has since been their home. About one year ago she had a sick spell which left her in a weakened condition. About a month ago she became afflicted with a complication of ailments, and as her constitution was not rugged she was unable to recover. She was an attendant of the Sunny Side Public Schools where she was popular and much loved by her playmates. In the home she was a child of a beautiful character and sweet disposition. Her presence brought sunshine and gladness wherever she went. While we will not see her face again here below, yet her kind deeds, unselfish service, thoughtfulness of others and cheerful disposition will always be cherished as a happy memory. We put our trust in Him who said that he was "the resurrection and the life," letting Him lead us during the dark hours of sorrow, looking forward to the time when we shall meet again.

"Come unto me when shadows darkly gather,
When the sad heart is weary and distressed,
Seeking for comfort from your heavy-
only father,
Come unto me and I will give you rest."

Large are the mansions in my Father's dwelling,
And are the homes that sorrows never dim,
Sweet are the harps in holy music swelling,
Soft are the tones which raise the heavenly hymn.

"There like an Eden blossoming in gladness,
Bloom the fair flowers the earth too rudely pressed,
Come unto me all ye who droop in sadness,
Come unto me and I will give you rest."

Card of Thanks

We desire to express our gratitude for the kindness and sympathy extended us in our recent bereavement. Especially do we wish to thank Rev. Groves for his words of consolation. Also those who furnished the music. Undertaker McCoy for his careful attention and for the many beautiful floral tributes.
